Paris

EPITECH - Ecole de l'Innovation et de l'expertise informatique

PROFILE

Founded in 1999, Epitech is the school that sets the standard in innovation and computing expertise. It offers a 5-year post-baccalaureate course for the computing and digital professionals of the future.

Main programmes of study

Epitech provides expert training in information technology on a 5-year course. This training is generalist, with no specialisation.

Research

Epitech has an innovation hub which is present at the school's 12 sites. This hub is structured so as to promote decompartmentalisation and experimentation with various technologies in the pursuit of a common goal: to revolutionise the way technology is used. The hub is supported by several competence areas that cover all fields of innovation: big data, cloud, digital security, embedded, virtuality and gaming.

Strengths

- an innovative learning method: the project-based method
- a unique network of 12 schools in France
- 44 international partners
- 12 innovation hubs
- strong connections with the ecosystem: over 3,000 partner businesses
- a dynamic Alumni network

Photograph provided by the institution
